SEASONAL CAMP FIRE PERMITS

Seasonal fire permits are available if you plan on having recurring camp/cooking fires. You can obtain one at the Mirror Lake Fire Station only. Or you can call 569-3381 to arrange for an appointment to inspect your fires location and site. Once a seasonal permit is issued once, one will be sent to you in the spring of each year. It is your responsibility to sign it and get it back to the Department. Your permit is not valid unless it is on hand at the Department. If the Department does not receive a permit back, one will not be sent the next year. **IF YOU ARE PLANNING ON HAVING A FIRE YOU MUST CALL THE DISPATCH CENTER EVERY TIME!** This is the only way we have getting any information to you about burning conditions or extreme fire danger. Also this saves the Department time in looking for reported fires when in fact they are perfectly legal and permitted. The Department reserves the right to check all seasonal fire locations at any time. Permits may be revoked at any time for illegal fires or the improper burning of non-permitted items.

You can see all of the laws at the NH Division of forest and Land web site, www.nhdf.org
