Community Garden Rules

These rules are designed to help the garden run smoothly for all. We appreciate the cooperation and community spirit that makes this a successful program. However, any gardener who continues to break the rules after warning will lose their plot(s) which will be reassigned without a refund. Be advised that this site is not compatible with organic gardening.

1. Gardeners are responsible for their own tilling, cultivating, weeding, fertilizing, watering, end of season clean up, and all other care of their plots.
2. All plots are rented on a seasonal basis. At the end of the growing season (October 15th) gardeners are required to remove all non plant materials from their plots including plastic pots, wire tomato cages, stakes, tools, etc...Small rototillers and weed whackers are allowed.
3. Dogs and other animals are NOT allowed in the garden area at any time.
4. There is no smoking in the gardens. Research shows that tobacco can transmit a virus to tomatoes.
5. Gardeners may not keep open containers of water on the premises. These are perfect breeding grounds for mosquitoes that may carry and spread viruses that are dangerous to humans.
6. Since plots are close together, gardeners must keep plots relatively free of weeds, especially when weeds are seeding, to avoid spreading them to other plots. NO WILDFLOWERS PLEASE.
7. If you witness or experience garden theft or vandalism, please notify police. Due to the open nature of the community garden site, the Town is not responsible for loss of garden supplies, tools or equipment. Do not leave your tools and/ or supplies in the gardens.
