

Effective 8/8/2011

NH State has eliminated funding for the disposal of fluorescent bulbs. As a consequence of this reduction, The Town of Tuftonboro is instituting a disposal fee for fluorescent bulbs at the Transfer Station. This fee will help offset the cost of disposal of fluorescent bulbs and will be added to the Station usage fee chart.

The new fee is as follows:

8 foot or larger bulbs - \$1.50 each bulb

6 foot or smaller bulbs - \$1.00 each bulb
